

Office of the City Manager

ACTION CALENDAR
June 30, 2020
(Continued from June 16, 2020)

To: Honorable Mayor and Members of the City Council

From: Dee Williams-Ridley, City Manager

Submitted by: Mark Numainville, City Clerk

Subject: Placing Charter Amendment Measure on the November 3, 2020 Ballot to Repeal the Residency Requirement for Sworn Members of the Berkeley Fire Department

RECOMMENDATION

1. Adopt a Resolution submitting an Amendment to Article VII of the City Charter regarding the residency requirement for sworn members of the Fire Department to a vote of the electors at the November 3, 2020 General Municipal Election.
2. Designate, by motion, specific members of the Council to file ballot measure arguments on this measure as provided for in Elections Code Section 9282.

FISCAL IMPACTS OF RECOMMENDATION

Amending the Charter to remove the residency requirement would not have a significant fiscal impact on the budget of the Fire Department or the General Fund.

The table below shows the year-by-year costs for elections since 2012. Significant cost increases occurred in 2012 and 2014 due primarily to general year-over-year increases, and the addition of two more required languages (Vietnamese and Tagalog). The cost increase in 2016 is due to a new, permanent surcharge from the Registrar of Voters to fund the County’s voting equipment replacement account.

CURRENT SITUATION AND ITS EFFECTS

The Berkeley Fire Department (Department), as well as fire departments across California, face an increasing challenge in recruiting and retaining qualified paramedics and Emergency Medical Technicians (EMTs). The Department engages actively in career development through Berkeley High School, the Berkeley Adult School, and college recruitment programs such as Ignite Academy. Even so, applications are at an historic low. This is partially attributed to the residency requirement and to the high cost of living in the Bay Area.

All City employees are Disaster Service Workers who need to respond in emergencies, however, sworn members of the Department are the only positions singled out in the residency requirement in the Charter. Removing the residency requirement will treat all employees equally and support recruitment and retention efforts.

BACKGROUND

In the wake of the 1991 Tunnel Fire, Berkeley developed a number of plans to help in future disasters. One of them was adding a residency requirement to the 1994 ballot for firefighters. At the time, urban fire departments were less familiar with state-wide mutual aid and California's emergency management system was in its infancy. The measure passed and the following language was added to the Charter:

“Any sworn member of the fire department who is hired subsequent to January 1, 1995, may not reside greater than a radius of forty (40) air miles from the boundaries of the City of Berkeley.”

Since then, Berkeley has dramatically increased its participation in and understanding of the mutual aid system. Also, in 2018 the California fire service began pre-positioning firefighters and apparatus in areas forecast to have high fire danger weather. This has dramatically reduced the need for firefighters to live within forty (40) miles for emergency callback. In other disasters such as earthquakes or even on normal days in the Bay Area, recall time to the City will be dependent on traffic conditions and damaged infrastructure more than miles traveled.

ENVIRONMENTAL SUSTAINABILITY

While it is a requirement of all sworn members of the Department to have a valid California driver's license, removing the residency requirement in the Charter will expand the area in which sworn members of the Department can reside thereby increasing fuel consumption and emissions due to commuting.

RATIONALE FOR RECOMMENDATION

Berkeley's 133 firefighters are required to live in a city whose limits are within 40 air miles of Berkeley's city limit. The limitation imposed on sworn members of the Department concentrates them in an area where property values and the cost of living has dramatically outpaced wages, which makes it difficult to recruit and retain a qualified workforce. Further, by repealing the residency requirement, sworn members of the Department will likely reside in a broader geographic area, which reduces the impacts of a regional disaster such as a fire or earthquake on the Department's workforce.
