Spending of all referenced grant funds is subject to Council approval of the budget for each fiscal year and the Annual Appropriations Ordinances. Depending on the timing of when grants are officially awarded and the amounts determined, the grant budgets will be adjusted as part of a future amendment to the Fiscal Year 2024 Annual Appropriations Ordinance.

CURRENT SITUATION AND ITS EFFECTS

As a local health jurisdiction, the City of Berkeley provides a broad range of public health programs and services to the community; with the goals of addressing health inequities, promoting healthy environments and behaviors, protecting residents from disease, and preventing illness, disability, and premature death. Alameda County revenue is an important source of support for these City public health programs. In Fiscal Year 2024, there are no significant changes to this support.

1. **Foster Care Program:** Meets State mandated Child Health and Disability Prevention (CHDP) requirements. This is the Health Care Program for Children in Foster Care (HCPCFC) which provides preventive health services for Berkeley children in foster care. Services include: medical and health care case planning; referrals for medical, dental, mental health and developmental services; coordination of health services for children in out-of-county and out-of-state placements; and the provision of medical education through the interpretation of medical reports and training for foster care team members on the special health care needs of children and youth in foster care.
2. **Berkeley High School and Berkeley Technology Academy Health Center Programs:** Provides clinical and health education services to adolescents attending Berkeley High School and Berkeley Technology Academy.
3. **School Linked Health Services Program (Measure A Funding):** Increases the capacity of Berkeley Unified School District to meet the health, medical, and dental needs of K-5 students, and to create the infrastructure to more effectively perform public health surveillance for communicable diseases, promote school connectedness, and reduce chronic absenteeism.
4. **Tobacco Prevention Program:** Provides tobacco cessation services, enforcement of tobacco retail licensing requirements and youth prevention education.
