Preliminary Matters

Roll Call: 6:11 p.m.

Present: Taplin, Bartlett, Harrison, Hahn, Wengraf, Robinson, Humbert, Arreguin

Absent: Kesarwani

Councilmember Kesarwani present at 6:39 p.m.

Land Acknowledgement Statement: *The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley's residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley's incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.*

Recess 6:45 p.m. – 6:50 p.m.

The Mayor requested that the members of the public in attendance adhere to the City Council Rules of Procedure regarding decorum and cease their disruption of the meeting by shouting and yelling.

Recess 6:56 p.m. – 7:00 p.m.

The Mayor issued a warning to the members of the public in attendance that they were disrupting the meeting and making the orderly conduct of business unfeasible by shouting, chanting, and yelling. The disruption continued. The level of disruption and the large number of people participating in the disruption rendered the Council unable to restore order by the removal of disruptive individuals.

The Council continued the meeting without members of the public present, allowing for members of the media to observe, as provided for in Government Code Section 54957.9 (Brown Act). The meeting continued on the videoconference platform and members of the public were able to provide public comments remotely.

16. **Refer to the City Manager to Enhance the City’s Deconstruction and Construction Materials Management Enforcement and Regulations and Refer to the AAO #1 Budget Process \$250,000 for Social Cost of Carbon Nexus Fee Study for Berkeley Origin Construction and Demolition Debris** *(Reviewed by the Facilities, Infrastructure, Transportation, Environment & Sustainability Committee)*
From: Councilmember Harrison (Author)

Recommendation:

1. Refer to the City Manager to review and develop enhanced and enforceable City deconstruction and materials management regulations, including the following elements: a. Review of national and international best practices for regulating deconstruction, diversion, recycling, and reuse of construction and demolition materials; b. Integrate deconstruction and construction and enhanced demolition debris management, tracking, and regulation into the Department of Public Works’ Zero Waste Strategic Plan and Transfer Station upgrade as appropriate; c. Policy options for (1) enforcing minimum State diversion and recycling requirements, (2) new deconstruction requirements applicable to all permitted Berkeley projects including defining specific building components that are potentially reusable and requiring an enforceable salvage survey provided by the City, a reuse organization, or other third party approved by the City, (3) potentially implementing a social cost of carbon fee on construction and demolition debris, (4) possible enhancements to minimum statewide diversion goals, (5) comprehensive tracking of the disposition of construction and demolition materials, (6) enhancing diversion from un-permitted projects, and (7) integrating salvageable material into developer project planning and budgeting process and permit application plan set (as opposed to at time of final permitting). d. Background survey on contents of existing building stock to get more data on intended impact and opportunities regarding new deconstruction requirements; vetting of existing service providers (certified salvage contractors and salvage material vendors), markets for salvage materials, a list of approved reuse/salvage facilities; a plan for educating contractors on requirements; and an analysis of the costs of compliance with and implementation of any proposed regulations and analysis of any corresponding impacts on feasibility of new construction.

2. Refer to December 2023 Budget AAO #1 Process \$250,000 to conduct a nexus fee study (using the latest academic research, updated damage functions, and low discount rates) for a potential social cost of carbon fee to be applied e.g., to the impact of displacing existing embodied carbon (landfilled construction and demolition debris) and replacement with new embodied carbon. The purpose of the fee is to incentivize reuse and deconstruction, minimize demolition, maximize useful embodied carbon, and fund the City’s ongoing green building work and services.
Policy Committee Recommendation: To refer the revised agenda material with a positive recommendation to Council with the following revisions to the recommendation:

1. *Section C.3 to read as follows: “potentially implementing a social cost of carbon fee on construction and demolition debris”.*
2. *Section D to read as follows: “Background survey on contents of existing building stock to get more data on intended impact and opportunities regarding new*
