Action: M/S/C (Tregub/Wolfe) to recommend to City Council that it set in place the policies that would provide housing stability for homeowners and tenants. The City Council should set in place clear, objective, and equitable standards for conducting code enforcement actions and ensure that due process rights of affected homeowners and/or tenants are preserved. In addition, the HAC recommends that the City Council commission a formal fact-finding process to ascertain what occurred in the matter of Mr. Powell. It should also refer this matter to the City Auditor. The fact finding should, among other things, focus on any actions taken by the Receiver in the case of Mr. Powell and any communications that the City has had with the Receiver. The HAC recognizes that additional steps may be necessary in regard to this matter, and may forward additional recommendations to the City Council at a later date.

<u>Vote</u>: Ayes: Abdeshahian, Johnson, Sharenko, Simon-Weisberg, Tregub, Wolfe and Wright. Noes: None. Abstain: Lord. Absent: Owens (excused) and Sargent (excused).

#### **MEMORANDUM**

**To:** Housing Advisory Commission (HAC)

From: HAC CDBG Subcommittee

**Date:** March 7, 2019

**Subject:** FY2020-2023 Community Agency Funding Recommendations

This memo summarizes the application and review process, and presents recommendations from the HAC Community Development Block Grant (CDBG) Subcommittee to the full HAC for FY2020-2023 Community Agency Funding recommendations. Previously, the application review process occurred once every two years. However, for the first time, the City of Berkeley is implementing a four year contract cycle. Therefore, the recommendations contained in this memo reflect the amounts recommended for each of the following four fiscal years, with each year of funding contingent upon the availability of funds, particularly from the federal government.

**Background**: In November 2018 the City of Berkeley issued a Request for Proposals (RFP) for funding with CDBG and General Funds (GF), soliciting applications from non-profit community agencies. A RFP announcement and workshop Save the Date email was distributed via email on November 5<sup>th</sup>, 2018. The workshop took place on November 26th, 2018 and applications were due on January 4<sup>th</sup>, 2019 at 5pm. The Housing Advisory Commission participates each year in making recommendations to City Council regarding allocations of CDBG and City General Funds. It designates a CDBG Subcommittee to review and evaluate proposals and recommends funding for various projects.

The CDBG Subcommittee reviewed applications from agencies providing housing services and other public services, and agencies funded with General Funds providing workforce development. These services have been grouped into three sub-categories, 1) Public Services, 2) Housing Services, and 3) Public Facility Improvements.

The CDBG Subcommittee met three times and reviewed proposals from February through March 2019.

Subject: FY2020-23 Community Agency Funding Recommendations Date: March 7, 2019

Page 2 of 3

**FY2020 Available Funds:** The City of Berkeley is anticipating \$2,626,329 in CDBG funding for FY2020, a slight decrease from the current year's allocation. CDBG program income is estimated to be \$250,531 and unexpended funds from prior years available for allocation is \$786,579, giving the City a total of \$3,663,440 in CDBG funds to allocate in FY2020. Unexpended prior year funds cannot be used for public services or planning and administration, both of which are capped funding categories. Carryover funds can be used, however, for housing services, community facility projects and the Housing Trust Fund.

The City of Berkeley also expects that the amount of General Funds (GF) available to the HAC will remain static from FY2019 to FY2020. However, when shifting to a four-year cycle, the City also proposed allocating \$25,000 per commission during the four year cycle to go towards hiring a consultant to improve agency outcome transparency. This results in \$6,250 less per year for the HAC's allocation. The resulting annual GF allocation for the HAC is \$232,229.

Funding for fiscal years 2021 – 2023 is projected to be the same as in FY2020. Should the amount of funding available in subsequent years be significantly different from FY2020, the HAC should plan on revising funding allocations in February or March during the Annual Action Plan allocations.

**FY2020-2023 Applications & Review Process:** In the Public Services category, seven applications totaling \$887,490 were received. In the Housing Services category, nine applications totaling \$1,884,341 were received but one was withdrawn leaving a total of eight applications totaling \$1,602,007. In the Public Facility Improvements category two applications totaling \$188,208 were received.

The CDBG subcommittee reviewed and developed funding recommendations based on information provided in agency proposals, performance evaluations, and additional clarifying information submitted by agencies.

#### **Rationale for Preliminary Recommendations:**

#### 1. Public Services

The HAC CDBG subcommittee reviewed seven Public Services proposals and is recommending funding for four. Two of the un-funded programs are new to the City of Berkeley: 1) The Berkeley Music Group and 2) Gardner-Lee Workforce & Opportunity. The sub-committee felt that the Berkeley Music Group is a good program but not necessarily a good fit for this type of funding. Their main concern is that this program relies too heavily on placing students within their own organization. Gardner Lee's proposal did not score highly and the subcommittee did not find it to be a well thought out program. The sub-committee also proposes to defund ICS because of their high ask, low scoring proposal and services that are not consistent with those stated in the proposal.

Subject: FY2020-23 Community Agency Funding Recommendations Date: March 7, 2019

Page 3 of 3

#### 2. Housing Services

Out of the nine proposals reviewed, one was withdrawn (CESC) and another was ineligible for CDBG funding due to poor past performance (Rebuilding Together). This left a significant void in the housing rehab category with Habitat for Humanity as the only remaining proposal to potentially fill that need. Therefore, the subcommittee recommends funding Habitat at their full ask. The subcommittee also recommends fully funding Bay Area Community Land Trust, CIL and the City of Berkeley administered programs.

#### 3. Public Facility Improvements

With the exception of Rebuilding Together, which is ineligible for CDBG funding, the subcommittee recommends fully funding the City of Berkeley's community facility program. This program will be administered as a Notice of Funding Opportunity (NOFA). Should the amount of CDBG funding actually awarded be either higher or lower than projected, the difference or increase in funding would be allocated to the Community Facility NOFA funding for facility projects.

City staff are simultaneously preparing recommendations that will possibly be available on March 7, 2019. If the City Manager's final recommendations are not aligned with the HAC's, HCS staff hope to provide information about the variance at the HAC's March 7<sup>th</sup>, 2019 meeting.

#### **Next Steps:**

 Submit HAC final recommendations for Council consideration during the Annual Action Plan Public Hearing at the April 23rd, 2019 Council meeting.

Dear HAC Members,

Please find the following attachments:

- -- Letter to HAC
- -- Resume for Jessica Keahey, Non-Profit Bookkeeper
- -- Sample of 4th Quarter Financial Report

We appreciate your review of our letter and supporting documentation. We have served the senior low income and disabled community, including BORP and Berkeley's Senior Centers for 28 years, and we hope that this will continue with City of Berkeley support.

We will be in attendance at the HAC meeting on Wednesday night, and look forward to answering any additional questions then.

With gratitude,

Alice La Pierre, Board President Suzanna Yeh, Vice President Albert Nahman, Secretary Timothy Pakes, Treasurer Greg Van Mechelen, Architect Bill Bauer, Retired Engineer Linda Epley, Retired Attorney Linda Novick

To: Members of the Housing Advisory Commission

From: Alice La Pierre, Board President, Rebuilding Together East Bay-North (RTEBN)

I am writing to appeal to you to restore CDBG funding to our organization.

We would like to clear up any misinformation about our organization which may be out of date, and which may have influenced your decision to stop funding RTEBN.

In late spring of 2016, we hired an Executive Director under emergency circumstances, when our previous one resigned to take a job in her field (social work) a five-minute walk from her home in San Francisco. We were poised to begin our massive spring rebuilding projects, and needed someone to oversee things. After interviewing a dozen candidates, we hired a person who had the background experience needed for the job. Her references checked out.

Our Board members spent a lot of time getting her up to speed, and familiar with our grant requirements including filing reports in CDS, reviewing payroll requirements, insurances, and training sessions with our then-bookkeeper. We tried to give her time to get comfortable with the work. She often assured us that she only had "a little paperwork to complete," each time we asked how things were going. No one from the City let the Board know that we were behind in our filing, until December 2017.

When the Board realized that she had not been filing the quarterly reports with the City, we quickly made the decision to terminate her. We discovered that she had not been working with the bookkeeper before he resigned, and that four critical months of expenses and deposits had not been entered into Quickbooks. The Board members filed our reports the best we could. The Board had no access to Quickbooks, since the password locked us out. We were confident that no money was missing, however, since we had photocopies of checks, which matched the bank statements and donor thank-you letters.

We immediately hired a bookkeeping service to pull things together. Because they were the same firm that another CDBG recipient in Berkeley was using, we expected them to be able to pick

things up and bring us up to date, but they seemed unable, and were difficult for us to work with. We couldn't understand why.

We advertised for a new bookkeeper, and found one who specializes in working with non-profits who are in similar straits as ours. We hired Ms. Jessica Keahey as an outside contractor in April 2018. In a few days of reviewing our records, Ms. Keahey was able to determine why we had trouble with the bookkeeping service.

Ms. Keahey was instrumental in digging quickly, and deeply, into our bookkeeping system. There were some fundamental flaws with our original Chart of Accounts, and it appeared that we were using the wrong version of Quickbooks. She fixed all of these things, creating a new, accurate Chart of Accounts, standardizing things like check request forms, and set up our books in the Non-Profit versions of Quickbooks, which produced better reports for our needs. She prepared all the files we need for our reports in CDS, and our State and Federal tax forms. She re-organized our internal filing system so that we could find things more quickly. She is a "systems" person, and we have benefited from her great attention to detail.

When we were audited by the Housing Department staff for the 4<sup>th</sup> Quarter of 2017, RTEBN's Board took full responsibility for the situation. With Ms. Keahey's assistance, we produced all documents requested, from financial reports to the guiding documents for our Board of Directors. We produced time sheets and payroll records, expense receipts and bank statements, plus all parts of our client files, such as proof of income, home ownership, homeowner's insurance and property tax receipts. Other than receipts, everything proved to be in order.

We complied with all requests from the Housing Department promptly, and shared all files requested. In the process, we also uncovered a number of misfiled receipts which helped sort out the bookkeeping further, and reduced our damages. We responded to follow-up questions for the audit to the satisfaction of the City. When the results of the audit came back to us, we paid the recaptured funds, which we had on hand from other unrestricted funds we had received, including donations from our Board of Directors.

Without Ms. Keahey's help, it is understandable that you would hesitate to fund Rebuilding Together East Bay-North. But she has righted our ship. She produces our financial reports so that we file our Quarterly reports with the City in CDS in a timely way, and has made it possible for us to be up to date on everything, including our most recent State and Federal tax filings. She has just committed to working with us permanently, and we are about to file a Letter of Understanding with the bookkeeping firm she has taken over, Robin Braverman Associates. Established in 1985, Robin Braverman Associates (RBA) offers bookkeeping and other fiscal management services for non-profit organizations. They also provide workshops and training in fiscal management for non-profit directors and accounting personnel. This is a good partnership for us.

RTEBN has a full board, staffed by professionals including an architect, engineer, plumbing contractor, attorney, software company owner, and other professionals. The Board meets every month, produces an agenda and minutes, and maintain these records electronically. We are fully insured, responsible, and organized, and this year, we will exceed the number of homes and facility projects required by our current CDBG grant by 30% because our program staff are doing an amazing job of recruiting professional contractors and trades people, and soliciting in-

kind donations. We are doing bigger, more expensive projects than ever before, including roof replacements and foundation work, especially since Community Energy Services Corporation is now closing its doors.

We are primed to grow further, to increase our services, and help more people, but we would suffer a major setback if we were to lose the CDBG funding. We are proud of the good work we have done for the past 28 years, and our partners, including our volunteers, Lawrence Berkeley National Lab, PG&E, Youth Spirit Artworks, The Women's Daytime Drop-In Center, Red Oak Realty and the Berkeley Association of Realtors, find us worthy of their partnership. We hope that the City of Berkeley will also have confidence in us to serve our home community.
