Berkeley/Albany Mental Health Commission Draft Minutes

7:00 pm
North Berkeley SC 1901 Hearst

Regular Meeting
January 25, 2024

Members of the Public Present: Alice Feller, Paul Kealoha-Blake, Genevieve Wilson, Shirley Posey, Ahoora (Farzaneh) Izadi, Ann Hawkins, Patricia Fontana, Moni Law, Margaret Fine

Staff Present: Jeff Buell, Katie Hawn, Sasha Gayle-Schneider, Jamie Works-Wright

1) Call to Order at 7:06 pm

Commissioners Present: Monica Jones, Edward Opton, Mary Lee Kimber-Smith, Glenn Turner **Absent:** Kate Harrison, Andrea Prichett

2) Preliminary Matters

a) Approval of the January 25, 2024 agenda

M/S/C (Kimber- Smith, Opton) Make a motion to approve the agenda

PASSED

Ayes: Jones, Opton, Kimber-Smith, Turner **Noes:** None; **Abstentions:** None; **Absent:** Harrison, Prichett

b) Public Comment- 3 public comment

c) Approval of the October 19, 2023 Minutes

M/S/C (Opton, Jones) Move that we approve the minutes.

PASSED

Ayes: Jones, Opton, Kimber-Smith, Turner **Noes:** None; **Abstentions:** None; **Absent:** Harrison, Prichett

3) SCU and updates- Provided by Lisa Warhuus, read by Katie Hawn

No Motion Made

4) Cares First, Jails Last Update – Sasha Gayle-Schneider

No Motion Made

5) Proposal for Early Intervention in Psychosis Programs provided by Alice Feller – Andrea Prichett

No Motion Made

6) Review and Vote on Dates for Commission Meetings for year 2024

a) Review potential dates for 2024 –

M/S/C (Jones, Turner) Motion that we keep the calendar as it is and remove the dates for December and keep the date in November on the 3rd Thursday of the month November 21, 2024.

PASSED

Ayes: Jones, Opton, Kimber-Smith, Turner **Noes:** None; **Abstentions:** None; **Absent:** Harrison, Prichett

b) Review religious holidays for 2024

7) Proposal to establish a subcommittee concerning statewide efforts to build residential facilities – Edward Opton

M/S/C (Opton, Jones) Motion to establish a subcommittee concerning statewide efforts to build residential facilities and put it on the agenda at the next meeting to establish membership.

NOT PASSED

Ayes: Jones, Opton, Kimber-Smith, **Noes:** None; **Abstentions:** Turner; **Absent:** Harrison, Prichett

8) Revisit, review and vote on formal request to make the commission meetings hybrid – Glenn Turner

No Motion Made

9) Subcommittee Reports (20 min)

a) **Youth Subcommittee** – No Motion Made

b) **Membership Subcommittee** - No Motion Made

c) **Evaluation Subcommittee** –

i) **Redo cote for Annual Report - Review, discuss, and make modifications to the Annual Report 2022-2023; and then propose adoption by the Mental Health Commission; and then submission to the Berkeley City Council.**

Did not get to item

***Motion to extend the meeting to 9:15**

M/S/C (Prichett, Opton)

Ayes: Jones, Opton, Turner; **Noes:** Kimber-Smith; **Abstentions:** None; **Absent:** Harrison, Prichett

NOT PASSED

10) Mental Health Manager’s Report and Caseload Statistics – provided by Jeff Buell

a. **MHC Manager Report January**

b. **Caseload Statistic January 2024**

- c. **MHC Manager Report November**
- d. **Caseload Statistic November 2023**
Did not get to item

11) Discussion for Election Chair and Vice Chair – Voting in February –
Did not get to item

12) Adjournment – 9:00 PM

Community Services Department
Mental Health Division

MEMORANDUM

To: Mental Health Commission
From: Jeffrey Buell, Mental Health Division Manager
Date: 2/13/2024
Subject: Mental Health Manager Report

Mental Health Services Report

Please find the attached report on Mental Health Services for January 2024.

Information Requested by Mental Health Commission

- 1) Q: “One, how is the city of Berkeley doing in terms of implementing Cal aim, the major Medi-Cal reforms, that included enhanced care management, and in lieu of services to provide housing, supports for people who need vouchers, and other kinds of assistant? Also, how is it going in terms of covering substance used disorder and providing Taylor treatment and harm reduction services to people who need this kind of care?”

A: The Health, Housing, and Community Services (HHCS) Department has been addressing and rolling out CalAIM Medi-Cal changes on the proscribed schedule provided by the State. The Mental Health Division’s Compliance branch participates in regular meetings to ensure that the Mental Health Division is in sync with both the State’s and County’s rules/expectations. The Mental Health Division leadership has also been in touch with our Alameda County counterparts to similarly discuss strategic and fiscal changes to our systems as well as how to balance the need for services with the reductions to fees, payments, and reconciliation expected from the CalAIM rollout.

Enhanced Care Management is a systematized whole person care management practice that has certain requirements of care providers and Managed Care Plans (MCP) operating within Alameda County. City of Berkeley and other local providers are in various stages of entering into agreements with these MCP’s. The City of Berkeley and Alameda County plan to utilize existing teams that already do this work and adjust their services to ensure that we meet all of the ECM requirements in order to qualify for this funding stream. Of note, ECM reimbursement rates in our system of care are lower than previous rates that

A Vibrant and Healthy Berkeley for All

these teams were able to receive, which will likely result in shortfalls that must be supplemented with other funding sources and/or service cuts.

Housing services are provided through a separate system than mental health services, though the systems interface with each other often. Because of changes to HUD funding requirements back in 2017, supports for people who need vouchers and other kinds of housing assistance go through a coordinated entry system. The system puts all clients through the same criteria for evaluation and resource assignment to ensure that the residents with the highest needs are served proportionally with higher resources.

With respect to SUD services associated with Berkeley Mental Health, we continue to co-locate SUD and harm reduction services through Options Recovery at our Adult Mental Health and High School Health Center clinics. The Division is in process of reviewing expansion for those contracted SUD services with Options, and is also looking at hiring a full time COB staff person to provide these services to the High School Health Center.

- 2) "One last question is in terms of proposition one and the mental health services, that the behavioral health services act, what does the division plan to do in terms of Using its resources for increased FSP and housing to provide for clients? What do you think the impact will be if proposition?"

The Mental Health Division is still in process of calculating fiscal projections and impacts of Proposition 1 in the event that it passes in March. The funding reductions and requirements to spend on FSP services will be measured against our current funding of FSP services. The Mental Health Division currently operates three FSP teams (Adult, Homeless, and Children's FSP), and these programs are already heavily funded by MHSA. Preliminarily, our Fiscal office expects that budget reductions could total as high as ~\$1.75 million per year from MHSA changes, resulting in cuts and/or reductions to FSP and Community Mental Health services that have relied on this MHSA funding.

Mental Health Division Updates

The Mental Health Division's areas of updates:

- A) Proposition 1 update: Governor Newsom's "Modernization" of the Mental Health Services Act (MHSA) is set for a vote in March. Proposition 1 will create a general obligation housing bond for which Counties can apply to build mental health treatment residential settings for residents with mental illness, substance use disorders, and unhoused veterans; double the State's allotment off the top of these tax funds; change how the remaining funds are required/allowed to be

spent, and require that ALL funding sources for mental health services will go through a collective transparent process for public feedback, just as MHSA funds have always done. Other questions about effects are difficult to answer as the legislation is long and does not fully spell out all of the steps or details.

- a. With respect to Alameda County: Behavioral health services/supports are projected to lose half of their funding (~\$48 million) in order to redirect to Housing (~\$26 million) and Full-Service Partnership (~\$22 million) services. The county will be able to apply for the Prop 1 housing bonds for eligible behavioral health housing projects.
- b. With respect to Berkeley: Full fiscal impacts are not yet fully projected, though significant MHSA funds were already being spent on Behavioral Health Support Services, Housing, and Full-Service Partnership services. Small jurisdictions (like Berkeley) theoretically may opt out of the Housing component requirement, though DHCS has not created this process or rule set at this time. New reporting requirements will require the deployment of more administrative duties to comply with the changes to the law, necessitating shifts to the balance of service to administrative spending.
- c. Prop 1 includes a \$6 billion bond measure that will make funds available for qualifying mental health and veteran housing projects. These funds do not appear that they will be automatically sent to jurisdictions like MHSA funds, but rather will be available for competitive application.

Not reflected in above chart is Early Childhood Consultation, Wellness and Recovery Programming, or Family Support. In demographics, other/unknown is used both when a client indicates that they are multi-racial and when demographic info is not known.

*Average System Costs come from Yellowfin, and per ACBH include all costs to mental health programs, sub-acute residential programs, hospitals, and jail mental health costs.

3) Incompatible Public Offices

The common law doctrine of incompatible public offices prohibits a public official from occupying two public offices that are incompatible in terms of their duties and/or the likelihood of divided loyalties. However, in Berkeley, serving on two or more City boards or commissions, including quasi-judicial bodies, is permitted (BMC Chapter 3.80). A commissioner who already occupies an elected or appointed office other than a City board or commission and wants to apply for appointment to a City commission should seek the City Attorney's advice as to whether the two offices may be deemed incompatible.

4) Incompatible Activities for Compensation

Government Code Section 1126 prohibits a public official from engaging in activities for compensation that are incompatible with his or her public office. A commissioner engaged in compensated activities that may be incompatible with his or her duties as a commissioner should consult the City Attorney.

5) State-Mandated Ethics Training

State law (AB 1234) requires certain local agency officials to receive training in ethics. In Berkeley, the officials identified for requirement are Mayor and City Council, City Auditor, Rent Stabilization Board Commissioners, Board of Library Trustees, and Police Review Commissioners.

These officials will receive a notice from the City Clerk advising them of the required training. The training may be completed on the FPCC website. The training must be completed within one year of the date of appointment and every two years thereafter. A certification of completion must be filed with the City Clerk. For more information, please contact the City Clerk Department.

F. COMMISSION ORGANIZATION**1) Election of Officers and Terms of Office**

Unless otherwise provided by ordinance,² the chair and vice-chair are elected by the majority of the commission for a one-year term and hold office until their successors are elected or until their terms as members of the commission expire. No commissioner shall serve as chair for more than two consecutive years. There is no term limit for vice-chair.

Unless otherwise provided for in the enabling legislation, the annual election of commission officers should occur during the month of February. The election of officers must be listed as an item on the agenda.

Two meetings prior to the meeting at which officers will be elected, commissions are encouraged to list as an agenda item a discussion of the election, to inform all commissioners of the opportunity to seek nomination and election for the offices of chair and vice chair, to discuss and agree to the nomination process and timing for nominations (if no policy has been enacted by the commission), and to add clarity for commissioners and the

² Election of officers to the Police Review Commission, Board of Library Trustees, and Landmarks Preservation Commission are regulated by BMC Sections 3.32.050, 3.04.040, and 3.24.030, respectively.

public. In order to facilitate an orderly and fair nomination process, commissions may open nominations at the January meeting (or the meeting prior to the February meeting) and then hold the vote on officers at the February meeting. A Commission may enact a policy on officer elections in conformance with the requirements stated below, specifying the timing for nominations, the order in which nominations will be voted upon, and any other details that support a fair, orderly and transparent process for election of officers.

If there are multiple nominees for chair or vice-chair, the commission may wish to use a process by which all nominations can be made prior to voting. Full discussion of nominations is recommended, including the ability of nominees to speak on behalf of their own candidacy.

Additional regulations for officer elections:

- Nominations for chair and vice-chair require a motion (with second).
- A commissioner may nominate himself or herself.
- Any member of the commission, regardless of length of tenure on the commission may be elected chair or vice-chair.
- There is no automatic succession from vice-chair to chair.
- Motions to nominate must be voted on in the public forum, and no secret ballots are allowed.
- A roll call vote is recommended for votes on commission officers, and is required if any commissioner requests a roll call vote.
- The results of the vote must be publicly announced and the vote recorded in the minutes (Resolution No. 60,531-N.S.).
- A commissioner may not be elected chair if he or she will not be able to finish the term due to the two-year limitation.

Terms of office for officers are determined by the date the election regularly occurs, not by the date it may have actually occurred. If there is a slight variation in the date of the election, the sitting chair may serve on an interim basis provided that they do not exceed the two-year limit.

Scenario:

The chair is elected in February 2016. The chair resigns in April 2016. A new chair is elected in May 2016. The newly elected chair will serve from May 2016 to February 2017, when the next regular election is held.

2) Mandatory Annual Training for Chairs and Vice-Chairs

Chairs and vice-chairs are required to complete mandatory annual training. Resolution No. 63,876-N.S. was adopted by the City Council to implement video training for commission officers to satisfy the requirements of Resolution No. 60,531-N.S.

The chair and vice-chair must view, in its entirety, a training video on commission procedures and legal requirements. Upon completion, the chair and vice-chair must file with the City Clerk an Affirmation of Completion.

This training video must be viewed and the Affirmation of Completion must be filed with the City Clerk no later than 60 calendar days from the date of election as chair or vice-chair. Failure to complete the video training and file the Affirmation of Completion within 60 days of election will result in the immediate forfeiture of the position of chair or vice-chair.

Commission officers must file an Affirmation of Completion within 60 days from the date of election or forfeit their seat as chair or vice-chair.

While not mandatory for commissioners other than the chair and vice-chair, completion of this training is encouraged for all commissioners.

The required training video may be viewed online through the city website - <https://www.cityofberkeley.info/commissions/> or a DVD may be obtained from the City Clerk Department at 2180 Milvia Street, 1st Floor. The City Clerk also offers a video terminal at its office for commissioners to view the training video.

3) **Duties of Officers**

The “presiding officer” (chair or, in his or her absence, the vice-chair), performs the following duties.

- Presides at all meetings of the commission and ensures that the work of the commission is accomplished. To this end, the chair must exert sufficient control of the meeting to eliminate irrelevant, repetitious, or otherwise unproductive discussion. At the same time, the chair must ensure that all viewpoints are heard and are considered in a fair and impartial manner.
- Ensures that commission bylaws, if any, and procedures are followed. The chair cannot make rules related to the conduct of meetings; only the full commission may do so.
- Appoints commissioners to temporary subcommittees subject to the approval of the full commission.
- Approves the agenda prior to distribution. This is limited to the structure and order of the agenda and does not grant the chair the authority to remove an item submitted by commissioners or staff if submitted by the established deadline.
- Signs correspondence on behalf of the commission.
- Represents the commission before the City Council. Other commissioners may be the representative with the formal approval of the commission by motion and vote.
- Approves commission reports to Council. The chair cannot modify content that was approved by the full commission.
- The chair or a quorum of the commission may call a special meeting.
- The chair and vice-chair have full rights to vote and to make or second motions.

Subject: MHC agenda items and packet items

Hello Commissioners,

I hope all is well.

Please provide me with any agenda items that you would like to see on the agenda for February 22, 2024. Please send them by Friday, February 9, 2024. If you want anything added to the packet, please send me these things to me by Monday, February 12.

Thank you for your time.

Subject: Mental Health Resource Guide for Berkeley Youth
Attachments: Mental Health Guide- Finished (3).pdf

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

Spanish Translation also attached in separate email. As a result of Councilmember Harrison's support of five BHS seniors proposal in 2022- a budget of \$350,000 was unanimously passed for mental health resources at BHS. This was prompted by the tragic death by suicide of a BHS senior only months earlier.

The 5 students, Eva, Ginger, Haley, Lily and Mary researched the available resources and included a legend for the background of the therapist, added a section on dealing with gun violence trauma and drug and alcohol addiction, and include useful tips for parents and teachers.

Rotary Club's program at BHS offered to sponsor printing some copies of the guide and posters around campus with a QR code sending the student, teacher or family member to an electronic copy.

It is our hope that at least 500 copies will be printed for distribution to BHS new Wellness Center, Health Clinic, Y Teen Center, BYA and BMH.

- Provides immediate crisis counseling

BACKGROUND

HISTORY

In response to a student's death by suicide on April 18th 2022, two deaths of Berkeley High students by gun violence on October 1st 2022, and the rising mental health crisis among youth across the world, five BHS alumni have come together to create a resource packet for struggling youth. Teens are in need of mental health assistance, whether this means individual therapy, group counseling, or even a guide to healthy habits, this resource packet can help.

MISSION

We strive to provide Berkeley youth with accessible mental health resources. Mental health impacts thoughts, behaviors, and emotions. By learning healthy coping mechanisms, and ways in which you can improve your mental health, your outlook on life may improve drastically. This mental health guide is a starting point for those seeking care or to improve their overall well-being.

STATISTICS

Among adolescents aged 12-17 years in 2018-2019 reporting on the past year:

(cdc.gov)

15.7% made a suicide plan.

59.8% of youth with major depression do not receive any mental health treatment

Common Mental Illnesses and Symptoms

MENTAL ILLNESS

A wide range of disorders that impact emotional and mental wellbeing. Many mental illnesses consistently affect mood and emotion.

ANXIETY

Symptoms:

1. Feeling restless, wound-up, or on-edge
2. Being easily fatigued
3. Having difficulty concentrating
4. Being irritable
5. Having headaches, muscle aches, stomachaches, or unexplained pains
6. Difficulty controlling feelings of worry

DEPRESSION

Symptoms:

1. Feelings of sadness, tearfulness, emptiness or hopelessness.
2. Angry outbursts, irritability or frustration, even over small matters.
3. Loss of interest or pleasure in most or all normal activities, such as sex, hobbies or sports.
4. Sleep disturbances, including insomnia (sleeping too little) or hypersomnia sleeping too much.
5. Tiredness and lack of energy, so even small tasks take extra effort

TRAUMA

A distressing experience that has lasting effects on mental, emotional, and sometimes physical wellbeing

Signs of Emotional Distress

- Struggling to get out of bed in the morning because of mood
 - Having low or no energy
 - Difficulty concentrating
 - Appetite changes that result in unwanted weight changes
 - Having unexplained aches and pains, such as constant stomach aches or headaches
 - Feeling helpless or hopeless
 - Excessive smoking, drinking, or using drugs, including prescription medications
 - Worrying a lot of the time; feeling guilty but not sure why
 - Lack of interest in schoolwork, chores, or other responsibilities
 - Crying spells or bursts of anger
 - Loss of interest in things you usually find enjoyable
 - Inability to perform usual daily functions and responsibilities
 - Thinking of hurting or killing yourself or someone else
- 

Trauma From Gun Violence

Violent deaths (homicide, accidents, suicide) can trigger unique qualities of traumatic grief. With the prevalence of gun violence occurring and shown in the media, it's crucial to understand the effects of these events. The mental health toll does NOT only affect those closest to gun violence.

Some mental health effects of gun violence:

Depressive episodes, anxiety, trauma, post traumatic stress disorder, intrusive thoughts, sleep problems, substance abuse, self harm, and personality changes.

Advice to Parents/ Caregivers

Acknowledge what is happening

- Silence can communicate the idea that its not ok to talk about hard things
- Ask questions like “did you hear about the shooting, what questions or worries do you have?”
- Make sure not to stereotype the perpetrator/make assumptions about the person (Mental health is a good example: 1 in 4 adults experience mental health issues, the majority are not violent.
 - Remind child that there is compassion and care in the world: Emphasize the amount of people who care ex. who took care of the victims.

Provide a sense of safety and security

- Remind them that the adults in their lives are doing everything they can to keep them safe and protected.

Watch out for signs of emotional stress listed above.

Look into getting professional help (Grief counseling, therapy,²⁸ etc.) 4

Tending to Your Mental Health

Taking Care of Your Body

- Regular Exercise (30 minutes of walking)
- Stay Hydrated:
 - 8x8 rule: drink eight eight ounce glasses of water (even if you don't feel thirsty)
- Eating healthy
 - Eat plenty of fruits and vegetables along with foods rich in omega-3 fatty acids, such as salmon. Dark green leafy vegetables in particular are brain protective. Nuts, seeds and legumes, such as beans and lentils, are also excellent brain foods.
- Sleep (9 hours per night)
 - Create a sleep schedule.
 - Go to sleep and wake up at the same time every night.
 - Lower your usage of screens before bed.
 - Save your bed for sleeping (don't study or work in your bed)

Take Time to Relax

- Meditation
- Breathing exercises
- Yoga
- Reading

Helpful Apps:

- Headspace (free for Berkeley residents)

For Headspace subscription (active until Sept. 30, 2023)

- Scroll down and select Headspace button
- Complete the Headspace sign-up process, enter "Berkeley" and your zip code where you work, live or go to school, and set up your profile.
- link: <https://helppathandca.org/berkeley/#Headspace>

Gratitude

Remind yourself of the things that you are grateful for. Writing them down before bed, or when you get up can be really beneficial.

Connecting with people

Reach out to friends and family who can support you during this process

Advice to Parents

- Listen to your child. Don't brush their feelings or concerns off.
- Respect your child's boundaries. If they don't want to talk about something at that moment, don't force them to.
- Find a good time to bring up the topic.
- Consider suggesting therapy as an option.

Advice to Teachers

- Remind students that their worth doesn't depend on academic performance.
- Try and provide breaks or give extensions on work if asked.
- Remember that not every student is the same. Students are going through different things and can't always work at the same pace.

Types of Therapy

COGNITIVE BEHAVIORAL THERAPY

A form of psychological treatment that is especially effective for substance abuse, anxiety, depression, eating disorders and other severe mental illnesses. Treatment usually involves efforts to change thinking patterns, increase awareness of thought patterns and behaviors, and establish coping mechanisms. Goal-oriented, typically lasts a few months to a year, 'symptom-focused'.

PSYCHODYNAMIC THERAPY

Treatment focuses on the psychological roots of emotional suffering, through self-reflection and self-examination. Explore past difficulties and relationship patterns, understand how personal history influences current mindset, and establish positive relationships.

DIALECTICAL BEHAVIORAL THERAPY

A type of psychotherapy that focuses on mindfulness, distress tolerance, emotion regulation, and interpersonal effectiveness. It balances acceptance and change, and emphasizes the importance of validating individual's experiences while encouraging personal growth.

WEBSITES WITH MORE INFO

CBT

PSYCHODYNAMIC THERAPY

DBT

Types of Providers

PSYCHIATRIST

MD or DO degree. As medical doctors who studied psychology and physiology, they can diagnose and prescribe medications. Some do therapy as well.

PSYCHODYNAMIC THERAPY

PsyD or PhD degree. No medical degree and therefore can diagnose but cannot prescribe medication. Many do therapy and treatment.

SOCIAL WORKER/COUNSELOR/THERAPIST

Trained to practice therapy. Therapists have clinical experience and can also serve as social workers. On the other hand, social workers don't have clinical experience or a therapist license and therefore cannot work as therapists.

PEER COUNSELOR

No degrees, trained to provide counseling. Cannot diagnose or prescribe.
