Mental Health Division Updates

The Mental Health Division's areas of updates:

- A) MHSA/BHSA, SB326, Proposition 1 update: Governor Newsom's "Modernization" of the Mental Health Services Act is set for a vote by the California citizens in March of 2024 on Proposition 1 to confirm the core changes to the legislation, including renaming it the Behavioral Health Services Act. If the proposition passes, the state will require the reallocation of funds (previously allowed only for mental health treatment) into housing, and allow these treatment funds to also be used for SUD services without the presence of a mental health need. Overall BHSA funds will be reduced by the state doubling its own allocation, and available treatment funding will be reduced by the amount assigned to housing. The measure will also separately levy a \$6 billion bond measure to increase the spectrum of mental health/substance use housing for homelessness, veterans, and behavioral health treatment.
- B) The Mental Health Division is going through a process to re-prioritize and realign budget allocations with respect to the proposed changes to the Mental Health Services Act. When the budget projections are completed, it will be clearer how

A Vibrant and Healthy Berkeley for All

the impacts to staffing, community-based organization funding, and mental health services will be changed by the passage of SB326/Proposition 1.

- C) SB 43 and changes to California’s involuntary detention and conservatorship under Lanterman-Petris-Short (LPS): Among other things, this bill makes significant changes to the California’s “gravely disabled” criteria, allowing for involuntary detention (5150) and conservatorship of citizens on the sole basis of “severe” substance use disorder or co-occurring mental health and substance use disorders. This includes individuals unable to provide for their basic personal need for safety or necessary medical care. This bill will require a large set of new policies, procedures, workforce, and treatment capacity changes in order to properly support the new law. Counties are allowed to delay implementation until January 1, 2026 through their county board of supervisors. At present, it appears that the only local county not to delay implementation for two years is San Francisco City/County.
- D) COB HHCS Department Director Lisa Warhuus was recently announced as the next HHS Director of Marin County, starting in February of 2024. Around the same time, Deputy HHCS Director Amy Davidson announced her impending departure slated for March of 2024. The HHCS Department and Mental Health Division have benefited greatly from the complementing skillsets that these strong leaders have brought to the City of Berkeley, leading us through an unprecedented pandemic and into a Departmental strategic process that connects the community and its input into our next major steps. Their leadership and vision have helped our Department’s evolution and will be a tough loss as the City seeks to organize a transition and continue the ongoing work.

Jamie -

Can you send this to our group? Unfortunately I have covid and likely can not attend in person. Is zoom an option?

I'm surprised that this is the first I've heard of it. Who has the oversight of Bonita House? Is it strictly "private"?

Thanks, Glenn

One-of-a-kind Berkeley mental health program closed since August

[Bonita House is **Alameda County's only Dual-diagnosis facility** though I hear others may exist, but none seem to be accepting any intakes. ~ Glenn]

"Once the program restarts, it will have staff with more advanced medical training than before, so it can take in people with medical conditions that would have made staying there impractical or impossible under the old system, Weissberger said." <https://www.berkeleyside.org/2023/12/08/bonita-house-berkeley-mental-health-substance-abuse>

Roll Call	Roll Call completed.	
Approval of Minutes	Meeting minutes from last month's meeting were not approved or adopted.	
Public Comments on Agenda Items	Public comments were given.	
Interim Chair's Report	Interim Chair Cushman welcomed Brian Bloom back and stated that he would be participating in the State Association Mental Health Advisory Board Regional Meeting on October 20, 2023, in Burlingame, CA.	

ITEM	DISCUSSION	DECISION/ACTION
<p>ACBH Director's Report</p>	<p><u>Departmental Operation & Planning Updates</u></p> <p><u>Personnel Update</u> Alameda County Behavioral Health (ACBH) Dr. Karyn Tribble announced that Vanessa Baker has been selected to undertake the position of ACBH Deputy Director of Plan Administration. Her official start date is October 30, 2023. She will work with ACBH Deputy Director of Clinical Operations, James Wagner and will oversee administrative operations related to Data, Quality Improvement, Finance, Information Systems, and the Mental Health Services Act (MHSA).</p> <p><u>MHSA Update</u> The proposal was formally approved by the Governor's office, which means it will become a ballot measure on the March 2024 ballot (Measure 1). Should Measure 1 pass, it will encompass redesigning the entire system of MHSA. If Measure 1 passes in March, it will more than likely go into effect until Fiscal Year 2026-2027. However, procedural changes may go into effect earlier.</p> <p><u>Annual Report & Elections</u> Member Juliet Leftwich reported that the annual report is set to be presented to the Alameda County Board of Supervisors (BOS) on November 13, 2023. The next MHAB meeting is scheduled for November 27, 2023 (in observance of the Thanksgiving holiday). Member Leftwich suggested scheduling an additional special MHAB meeting to vote on the annual report and hold elections during the week of October 23, 2023. If this cannot be accomplished, it may significantly delay the presentation to the BOS and the election of officers. After discussion, the MHAB chose to convene on October 30, 2023 at 2:00 p.m. in the same location to address finalizing the annual report. Chair Cushman stated that he preferred for the elections to go forward at the next regularly scheduled meeting.</p> <p><u>Introduction of New MHAB Member</u> Member Alison Voss, representing District 3, introduced herself and gave some background regarding her residency in Alameda County. She spoke of her personal experience with mental health and is anxious to contribute and support the MHAB.</p>	<p>➤ The Members will continue to work on this report.</p>

Roll Call	Roll Call completed.	
Approval of Minutes	There were no minutes to approve as this was a special called meeting.	
Public Comments on Agenda Items	Public comments were given.	
Discussion Items	<p><u>MHAB Annual Report</u></p> <p>The meeting was called to vote on the Annual Report, which is required by statute. The report is designed to review the past year and report on both accomplishments and challenges. The report is also for recommendations to the Alameda County Board of Supervisors (BOS) regarding ways to improve the County's mental health system.</p>	

ITEM	DISCUSSION	DECISION/ACTION
	<p>It was stated that last year was a productive year. The recommendations were based on the various presentations and experts that were heard during the Mental Health Advisory Board (MHAB) meetings, committee meetings, public comments and the site visits that were taken.</p> <p>Before voting on the report, comments were taken regarding any potential changes and/or edits. The report must be finalized and presented by November 6, 2023. The following comments were presented concerning the content of the Annual Report:</p> <ol style="list-style-type: none"> 1. Move the overview of activities in the report to be listed after the recommendations (i.e. have the recommendations up front). 2. The MHAB Adult Committee meeting and discussion that was held John George Psychiatric Hospital Chief Administrative Officer needs to be added to the report. 3. Add the data population number of those that are seriously mentally ill vs. the entire county population. 4. Move the Behavioral Court to the section that talks about crisis residential and seriously mentally ill. 5. Refer back to previous draft relating to the need for additional acute and sub-acute beds. 6. An additional recommendation be added to the report stating that an annual assessment plan be initiated to evaluate the progress of meeting the needs of the acute bed and the sub-acute bed project. 7. On page 2 of the report regarding the service of the Mental Health Services Act (MHSA) members, the letter related to the Criminal Justice section will be inserted. It is referenced on page 4. <p>A motion was made that the MHAB approve the Annual Report, subject to additions made by the Ad Hoc Committee within the next several days to meet the submission deadline. The was motion unanimously passed.</p>	

ITEM	DISCUSSION	DECISION/ACTION
	<p><u>Election of Officers</u></p> <p>The nominations pending were for Brian Bloom to be elected to serve as Chair, and member Terry Land to serve as Vice Chair. No other nominations were presented.</p> <p>A motion was made and passed to select Brian Bloom to serve as MHAB Chair. A second motion was made and passed to select Terry Land to serve as MHAB Vice Chair.</p> <p>It was agreed that the Annual Report presentation to the BOS will take place on December 11, 2023. Everyone agreed to be in attendance. The meeting will take place at 1221 Oak Street, 5th Floor, in Oakland, CA.</p>

Senate Bill 43 (SB 43) Implementation

Alameda County Mental Health Advisory Board Presentation
Monday, November 27, 2023

Presenter: **Karyn L. Tribble, PsyD, LCSW, ACBH Director**

Agenda:

- SB 43 Bill Summary
- Potential Impacts
- Local Data Story
- Urgent Need for Strategic Implementation
- Fiscal Impacts of SB 43 Implementation
- Recommendation

Senate Bill 43 (SB 43) Summary

- Senate Bill 43 (SB 43) significantly broadens involuntary treatment criteria under the Lanterman-Petris-Short (LPS) Act.
- **Expands** the State’s involuntary detention and conservatorship laws to include:
 - A person who, as a result of a mental health disorder, a **severe substance use disorder** or **co-occurring mental health disorder and severe substance use disorder**, or as **a result of impairment by chronic alcoholism**; and
 - is unable to provide for food, clothing, shelter, **personal safety** or **necessary medical care**

Potential Impact of SB43

- Hospitals will encounter challenges with widened LPS criteria.
- Limited availability of treatment settings for complex co-occurring conditions.
- Unclear end point for conservatorship with severe SUD.
- Increase in potential detentions as a result of expanded criteria to cover severe SUD – vulnerable populations may be especially impacted.
- **State Data:** Data from the California Department of Healthcare Access and Information (HCAI) demonstrates that Black/African American and Latinx Californians were 57.2% and 154.5% respectively, more likely to be placed on a 5150 hold.

Local 5150 Data

FY 2022/23 - Percent of 5150 Clients by Ethnicity

Planning

- ❑ Develop new “Severe SUD” grave disability assessments.
- ❑ Establish criteria, policies, protocols, and hire and train staff.
- ❑ Explore locked treatment options or alternatives.
- ❑ **New medical services** required for physical health risk and status while LPS structure is limited to behavioral health system scope (mental health and SUD treatment).
- ❑ **Coordination** with Social Services Agency (SSA), Public Guardian - Conservator (PGC), is crucial for success, as SSA administers LPS conservatorships while ACBH provides speciality mental health or SUD treatment.
- ❑ Consider the **complexity and scope of the expansion**.
- ❑ **Focused and targeted stakeholder collaboration**.
- ❑ **Ensure adequate resources are in place**.

Fiscal Impacts of SB 43 Implementation

Funding Challenges: No new state funding, reliance on County Behavioral Health resources.

Treatment Services: Lack of funding for expanded involuntary treatment services.

Reimbursement Hurdles: Limited federal and state reimbursement, commercial insurance denials for mobile crisis, crisis, and inpatient residential SUD treatment services.

Unfunded Court Orders: Courts not bound by insurance coverage, leaving counties with a significant unfunded mandate.

Scarce Treatment Capacity: Structural reimbursement issues contribute to capacity scarcity.

Investment Urgency: Need for consistent, sustainable long-term SUD treatment options to support recovery while addressing critical structural needs, including long-term housing, in collaboration with community partners and stakeholders.

Notably, the California Behavioral Health Directors Association (CBHDA) urges members and Counties to delay implementation to allow for proper staffing and resources planning.

System Recommendations & Planning Needs

□ Seek BOS Approval to defer implementation of SB43 until January 1, 2026.

- Pursuant to Senate Bill 43 (2023-2024 Reg. Session), Statutes 2023, Chapter 637 (SB 43), signed by the Governor on October 10, 2023.

- Stakeholder Engagement & Input.**
- System Capacity Assessment & Data Review.**
- System & Stakeholder Notification & Training**

COUNTY-OPERATED CLINICS SERVICES AND STAFFING

SERVICES: ACBH offers outpatient services through its seven clinics located across the county. Services are provided to children, youth, and their families and may include individual, group, and family therapy, as well as medication evaluation and management. Coordination occurs with other agencies through case management activities and includes referrals to additional resources.

STAFFING: Each clinic is operated by professional staff including a Clinical Manager or Clinical Supervisor, Psychiatrists or Psychiatric Nurse Practitioners, Clinical Psychologists, licensed and unlicensed Behavioral Health Clinicians, an Administrative Services Manager and clerical support. Additionally, some of our county clinics include Family Partners who have lived experience and support families engaged in treatment. All clinics are under the supervision of the ACBH Child and Young Adult System of Care (CYASOC) Division Director of Outpatient Services.

Fight the Flu - Get Vaccinated Now!

The flu is a contagious disease that can cause serious illness. As the COVID-19 pandemic continues into another flu season, please help avoid strain on Alameda County hospitals by getting your flu shot.

It takes about two weeks for the flu vaccine to become effective after you get the shot, so getting vaccinated early offers the best protection.

The flu vaccine is recommended for everyone 6 months and older, and it is especially important for pregnant women, children younger than 5, adults 65 and older, and those with chronic medical conditions. People in the same household with someone at high risk can help protect that person from severe flu by getting a flu shot.

Both influenza and COVID-19 vaccines can be administered at the same visit, without regard to timing as recommended by CDC.

Catalytic Converter Etching Event

Do you have unpaid tolls and penalties from bridge and express lane violations in the Bay Area? You may be eligible for the Bay Area Toll Payment Plan. This plan exists to help people with a low income get out of debt and start fresh.

TO QUALIFY:

- You must have a gross (before taxes) annual household income of 200% of the federal poverty level or less.
- You must have at least \$100 in tolls, fees, and violation penalties after receiving any waivers of penalties. If you are not sure, you can call Bay Area FasTrak® Customer Service at 877-BAY-TOLL.
- You will need to make a first payment of 50% of tolls owed or \$100, whichever is lower. At this point, the hold on your vehicle registration will be released and you can renew it.

Countywide Area Plan for Older Adults Survey

Every 4 years, the Alameda County Agency on Aging prepares a Countywide Area Plan (CWAP) for Older Adults, which serves as the County’s strategy to provide services for seniors and create a more age friendly community. This is your plan, and needs your voice.

Give your input and take the survey [HERE](#). Closing date is December 1, 2023.

Additional languages and printed copies are available via the [Social Services Agency Webpage](#).

The Berkeley Police Department is partnering with Argonaut Garage to provide a free etching of catalytic converters. Catalytic converters will be etched with your car’s Vehicle Identification Number (VIN#), which has been proven to deter the theft of catalytic converters.

**Saturday, November 18, 2023
9:30 AM - 4:00 PM**

**Argonaut Garage
707 Jones Street
Berkeley, CA, 94710**

First come, first served. To participate, you must be the registered owner of the vehicle and sign a waiver that will be provided at the event. **For more details, contact 510-981-5774 or GSchikore@berkeleyca.gov.**

Dear community and campus partners,

The 18th cycle of the Chancellor's Community Partnership Fund has launched!

In the 2024-25 grant cycle, the Chancellor's Community Partnership Fund will make approximately \$315,000 in grants to catalytic community-campus partnerships designed to improve the quality of life for Berkeley residents.

The UC Berkeley Chancellor's Community Partnership Fund (the Fund) invests in projects and programs that establish new or existing partnerships between UC Berkeley and Berkeley community entities that improve the quality of life for people who live or work in Berkeley. The Fund seeks partnerships and collaborations that are designed to match the university's expertise and service with community wisdom and leadership. Eligibility is limited to projects and programs that have at least one community partner and one UC Berkeley partner. An ideal campus/community partnership gives students, faculty and staff an opportunity to bring the university's public service mission to life in community projects that further social justice and racial equity. Projects that benefit specific neighborhoods or groups of Berkeleyans are preferred.

All grants will be for one-year projects or programs. Successful projects must align with and further the priorities and objectives of locally developed and equity driven policies and initiatives that were developed with extensive community participation. For example, education-based proposals that align with the focal populations and objectives of [Berkeley Youth Equity Partnership](#) will be given priority; arts, culture and placemaking grants should align with the [City of Berkeley Arts and Culture Plan 2018-2027 Update](#)(link is external)'s commitment to cultural equity. See the [Grant Guidelines](#) for more information related to these and other thematic arenas.

Applicants must complete the [Grant Application](#) Packet, including a [budget worksheet](#), due February 2, 2024 (please aim for before 5 p.m.). A limited number of Planning Grants will be accepted for groups or partnerships early in their process of developing an action plan and meaningful partnerships. Eligible projects must have at least one community partner and one university partner. UC Berkeley student organizations that are actively supported by a faculty or staff advisor, are encouraged to apply. For more information download the [Grant Guidelines](#) and [Frequently Asked Questions \(FAQs\)](#).

Please see the timeline and grant documents below. And as always, thank you for your interest strengthening community-campus partnerships that seek to improve the lives of Berkeley residents.

In partnership,

- Jen

2024-2025 Planning Grant Application

DEADLINE: February 2, 2024 (please aim for before 5 p.m.)

*You can submit your Planning Grant Application by email at:
calpartnershipfund@berkeley.edu.*

Instructions:

- Starting with the Google Doc, copy to your Google Drive; OR download as a Word or other editable format and rename (see below).
- Click inside the boxes to input information. They will expand as you type.
- Submit your application documents via email to calpartnershipfund@berkeley.edu as Word Google doc, or pdf.

Naming Your Planning Application:

- Please save your Planning Grant with the name of your project/program first, in the following format: OurProjectNamePlanningGrantAppCCPF2024-25

Before you get started: Are you sure the Planning Grant is the right application for you? See the below from the [FAQs](#).

What is a planning grant?

Typical (full) grant proposals will result in a product, program, event, etc. and will create a change in the problem it is addressing. *Planning* grants will aim to result in a plan of action and or project strategy that when implemented, will reduce the problem in the long-term; identify and secure community and campus partner(s). The resulting action plan — or set of activities the partners plan to take to address the problem — will include a brief definition of the problem: why it matters to the specified Berkeley community or neighborhood, and its causes, as well as a timeline for who will be carrying out the plan and when. The action plan should be feasible.

What should a proposal/application for a planning grant include?

A proposal or application for a planning grant should include sufficient knowledge of the problem being addressed, and what the potential plan could include, and who potential community and campus partners could be.

The *full grant application* and budget worksheet for more developed partnerships and proposals can be found on the [Chancellor's Community Partnership Fund website](#).

Frequently Asked Questions (FAQs)
2024-20245 Chancellor's Community Partnership Fund

Topics

- I. Eligibility
- II. Partnerships
- III. Projects and Programs
- IV. Funding Rules and Budgets
- V. Application Review and Evaluation

Eligibility:

- 1. Do I have to be based in Berkeley to be eligible for funding?**
Yes. All projects and programs must be implemented by Berkeley-based partners for the benefit of Berkeley residents.
- 2. Can a neighborhood group that is not a 501(c)(3) organization apply?**
Yes. An organization that is not a 501(c)(3) can apply for a grant, but it must arrange for a 501(c)(3) organization to serve as its fiscal sponsor. Many local non-profit 501(c)(3) organizations serve as fiscal sponsors (generally for a modest fee).
- 3. Does my fiscal agent have to be based in Berkeley?**
No. Fiscal agents for those applicants who do not have 501(c)(3) status do not need to be based in Berkeley.
- 4. Can a fiscal agent provide their services to more than one grant proposal?**
Yes. There is no limit on the number of proposals a fiscal agent can support.
- 5. Does my project have to align with one of the six thematic areas outlined in the grant information document and grant application?**
Yes. All projects are strongly encouraged to tailor their proposal to align with one of the grant thematic arenas (Arts, Culture and Placemaking; Community Health and Community Safety; Economic Development and Economic Empowerment; Education and Youth Development; Environmental Stewardship and Climate Resilience; Leadership Development and Civic Engagement).

- 6. Our project or program has components that could fit more than one of the Fund’s six thematic arenas (Arts, Culture and Placemaking; Community Health and Community Safety; Economic Development and Economic Empowerment; Education and Youth Development; Environmental Stewardship and Climate Resilience; Leadership Development and Civic Engagement). Should we select more than one theme?**

The Fund asks that you select one theme that you believe best describes and encompasses your project or program, even if there are components of your proposal that may align with other themes.

- 7. Does our education program or project have to align with Berkeley Youth Equity Partnership?**

Yes. You will need to familiarize yourself with the [Berkeley Youth Equity Partnership](#) and describe in your application how your program and project align with and forward this work. Proposals aligned with this theme will seek to improve the educational outcomes of Berkeley residents that have not fared well in K-12, workforce training programs and higher education. Projects or programs could involve mentoring activities, coaching and other after-school programs, writing workshops, adult literacy programs and classroom or community presentations and events. Proposals that align with the focal populations and objectives of Berkeley Youth Equity Partnership (YEP, formerly known as Berkeley’s 2020 Vision) will be given priority. YEP is a citywide initiative that strives for African American/Black and Latinx young people who live and/or go to school in Berkeley to thrive academically, physically, and emotionally. Proposals that focus on youth development should prioritize the needs of youth of color, immigrant and/or foster youth. Program interventions could involve mentoring activities, coaching, early childhood and after-school programs, career technical education pathway programs.

Education focused CCPF applicants must demonstrate how their project/program is aligned with YEP and furthers at least one the following objectives: Kindergarten Ready, Successful in School, College and Career Ready, Healthy, Connected and Resilient, Supported at School and at Home.

- 8. If we focus our work on a different theme, are we required to align the grant activities to further one of the outcomes of the community-informed equity policies or initiatives that are highlighted in the themes section of the guidelines?**

While your grant application would not be excluded if you choose not to reference and describe how it is aligned with one of these strategic, equity-focused initiatives, Advisory Board Members could give priority to proposed projects that further community-informed priorities, particularly those that are equity-oriented.

- 9. What is a planning grant?**

Typical grant proposals will result in a product, program, event, etc. and will create a change in the problem it is addressing. [Planning grants](#) will aim to result in a plan of action and or project strategy that when implemented, will reduce the problem in the long-term; identify and secure community and campus partner(s). The resulting action plan — or set of activities the partners plan to take to address the problem — will include a brief definition of the problem: why it matters to the specified Berkeley community or neighborhood, and its causes, as well as a

timeline for who will be carrying out the plan and when. The action plan should be feasible.

10. What should a proposal/application for a planning grant include?

A proposal or application for a planning grant should include sufficient knowledge of the problem being addressed, and what the potential plan could include, and who potential community and campus partners could be.

Partnerships:

11. What constitutes a university partner? How involved does a university partner have to be?

A university partner could be any or all of the following: an academic department, a non-academic unit, an applied research unit, an organized student group, or individual faculty, staff, or students. If the primary university partner is a student group or students, you must have a staff or faculty member adviser. Partnerships can take many forms, but it is important that each partner plays a meaningful role in some or all aspects of the program, e.g., creation, development, implementation, and reporting.

12. What if I do not have a university or community partner?

All projects and programs must include at least one eligible community and university partner (see [Grant Guidelines](#) document for eligibility requirements) and the degree of collaboration and interaction between partners will be an important factor in determining which proposals receive funding.

Building relationships between university and community partners can take a considerable amount of time and planning and should not be rushed for the sake of grant funding. We encourage all interested applicants to start making connections early in the application planning process.

Prospective applicants that have not secured a university or community partner can submit an application for one of a handful of **small planning grants** the Advisory Board will make each year. If awarded, the applicant organization can use the fund to further their planning, including securing an appropriate university or community partner. See #20 for more details.

If you are interested in finding ways to identify or network with prospective university partners, please e-mail calpartnershipfund@berkeley.edu or call 510-387-8639.

13. Can I have more than one partner?

Yes. Proposals that bring together a number of community and university partners are encouraged. Please keep in mind that it is the strength and depth of the partnership, and not simply the number of partners, that characterizes a successful grant proposal.

14. Are the City of Berkeley, the Berkeley Unified School District and other public agencies eligible as community partners?

Yes. Primary, secondary and post-secondary schools and local governmental departments, agencies and commissions are eligible community partners.

15. Does each partner have to contribute money to the project? Do we need to show this on the budget worksheet (for the full application)?

No. It is not required that partners contribute funds to the project. If some partners are providing in-kind contributions, such as supplies or staffing, this can be indicated on the budget worksheet (for full application) and narrative.

Projects and Programs:

16. Does my project or program need to benefit Berkeley residents?

Yes. All projects and programs must be implemented by Berkeley-based partners for the benefit of Berkeley residents.

17. Is public art fundable?

Yes. Public art would be considered a neighborhood improvement project. Please keep in mind that the grant application must demonstrate that the proposed project has stakeholder endorsement and if it affects the city's infrastructure, requires approval by or permits from the City of Berkeley, or takes place on city property, such approvals must be secured in advance of the grant application due date. If not, grant funding might be contingent on securing the required approvals, and applicants must submit a Partnership Letter from the relevant City Department indicating support and that required permits are likely to be granted.

18. Can a neighborhood improvement project be considered if it has not received the use permits, landmarks, and zoning clearances needed to get started?

Yes. A project can be considered before receiving the required City of Berkeley approvals. In your application, you should explain what approvals are required and the process and timeline for obtaining them. Applications that require permits or approvals should also include a letter or support or approval from the Berkeley City Manager's Office and/or the relevant city department documenting that contact has been made with the relevant city offices and agencies and the city supports the application. All interested applicants should notify the relevant City of Berkeley agencies of their proposed projects as early in the grant application process as possible. If a grant is awarded, funding would be contingent on securing the required approvals and permits.

19. If we receive a grant this year, can we apply again for continued funding for the same program next year?

Yes. But requests for continued funding will not necessarily be given a priority over new grant requests. Since your application for another grant will be reviewed before your current project is

completed, the application should reference and update your progress report, especially with respect to continued funding. Additionally, the Fund is not designed to provide funding year after year, but rather, catalytic funding that can be used to leverage other funding opportunities.

Funding Rules and Budgets:

20. What is the total amount that can be allocated for projects in 2024-2024?

The total available to allocate to grant proposals in 2024-2025 is approximately \$315,000. Recently, the range of grants has been between \$5,000 and \$25,000. However, under special and rare circumstances we will consider grants for larger amounts and the Fund is not required to fully allocate all available funds during each grant cycle. Please note that most awards average between \$10,000 and \$15,000.

Planning grants will receive between \$2000 and \$4000.

21. Will all grant awards be for the full amount requested?

Not necessarily. The Fund often awards grants for less than the amount requested when it is determined by the Fund and the applicant that the project or program is still feasible with reduced funding. Applicants, especially those proposing large projects involving several phases or components, are encouraged to explain in their budget narrative which aspects of their proposal could stand alone.

Questions 22-27 apply to the Budget Worksheet.

22. What should be included in the budget narrative? Do we have to justify/explain each budget item?

The budget narrative provides an opportunity for the applicant to justify and explain the costs outlined in your budget worksheet. It is not necessary to explain each budget item but the narrative should provide an overall picture of the budget plan for your project and explain how you arrived at these costs and their role in implementing the project.

23. How is the organizational budget different from the project budget?

The organizational budget should give a snapshot of the annual budget of the primary community partner. The project budget (reflected on the budget worksheet and in the budget narrative) should include only items related to the proposed grant funded project or program, and include any additional funding that might have been secured to help fund the proposed project or program.

24. When preparing my budget information for my application, how much should I allocate to indirect costs (also known as administrative expense or overhead cost)?

A guideline of approximately 15% of the total amount of the project may be allocated to be used for indirect/operational costs.

25. If our fiscal agent is charging a service fee (either flat fee or percentage), should that cost be included in our budget?

Yes. And should be included in the total of indirect costs.

26. How do you value in-kind contributions?

In-kind donations are non-cash donations of goods, services, equipment, supplies, etc. In determining the value of in-kind contributions, the IRS suggests researching their fair market value on the date of the contribution, or what these goods or services would cost on the open market. For more information on charitable donations and determining the value of donated property, please see IRS Publications 526 and 561. Both publications are available for viewing and download at <http://www.irs.gov>.

27. How detailed should the budget for a built environment project be? Do we need written estimates from contractors?

There must be some reasonable basis for the costs included in the budget, but you do not have to submit a detailed estimate from a contractor. Consulting fees and materials should be cost out, that is, the budget must be more detailed than a general line item for materials. Describe how you arrived at the cost estimate in your budget narrative. Demonstrating the clear support and partnership of necessary city departments is more important at the time of application submission, than a detailed estimate from a contract.

28. What are the funding restrictions?

Funds may not be used for:

- Political campaigns, including lobbying to influence legislation and/or ballot measures, or elect candidates to public office.
- Religious activities; however, religious institutions may apply for funding for nonsectarian projects.
- Any organization that discriminates on the basis of age, gender, race, ethnicity, religion, disability, sexual orientation, national origin, or political affiliation. The Fund may support organizations and projects that target groups that have been subject to historical discrimination.
- Deficit or emergency funding, debt reduction, loan repayment or retirement, or for project costs incurred before the effective date of the grant.
- Purchase or long-term real estate rental(s), lease(s), or sub-lease(s).
- Projects that exclusively benefit UC Berkeley faculty, staff, or students.
- Purchase of alcoholic beverages. (Use of grant funds for food and light refreshments is discouraged but will be reviewed on a case-by-case basis.)

29. Can grant funds be used to purchase equipment?

Yes. Equipment necessary to complete a project or program can be purchased with grant funds. These purchases should be itemized and explained in the budget worksheet and narrative.

30. Can part of the grant amount being requested be used to recompense the university and/or community partners for their contributions to the project?

Generally, yes. But please be aware of the following:

- o Grant funds can be used to pay community members and/or staff, as well as UC Berkeley students as long as the arrangement complies with all applicable laws and regulations.
- o In the past, the Advisory Board's preference has been that grant funds be used primarily to enhance the financial capacity of community partners rather than university partners.
- o Payment toward salaries for community partners' staff must be for time working on the project.
- o Grant funds cannot be used to supplant already existing operational funds.
- o Undergraduate students may be entitled to work-study financial aid, which results in a reduced cost for the employing organization.
- o Stipend amounts should be reasonable and correspond to the amount of time an individual is expected to work on a project or program and the unique expertise, professional or otherwise, which they bring to the project or program.

31. How should stipends be documented for tax purposes?

Tax reporting requirements depend on the current tax status of the lead applicant or fiscal agent and the nature of the work being performed. The financial advisor for the lead applicant or fiscal agent should be able to provide more detailed information regarding tax reporting requirements.

Application Review and Evaluation:

32. Who will be reviewing the applications?

The Chancellor's Community Partnership Fund Advisory Board will review and score the planning grant and full applications. Staff support will be provided by UC Berkeley's Office of Government & Community Relations. Funding recommendations will then be submitted to the Chancellor for approval.

33. Is there an appeal process?

No. The recommendations of the Advisory Board and the decision of the Chancellor are final and there is no appeal process.

2024-2025 GRANT GUIDELINES

Mission and Goals of the Fund

The UC Berkeley [Chancellor's Community Partnership Fund](#) (the Fund) invests in projects and programs that establish new or existing partnerships between UC Berkeley and Berkeley community entities that improve the quality of life for people who live or work in Berkeley. The Fund seeks partnerships and collaborations that are designed to match the University's expertise and service with community wisdom and leadership. Eligibility is limited to projects and programs that have at least one community partner and one UC Berkeley partner. An ideal campus/community partnership gives students, faculty and staff an opportunity to bring the University's public service mission to life in community projects that further social justice and racial equity. Projects that benefit specific neighborhoods or groups of Berkeleyans are preferred.

While the change strategies used by prospective grantees can be varied, the ideal community-campus partnership will have a viable plan to address a critical community need in one of following thematic arenas:

- Arts, Culture and Placemaking
- Community Health and Community Safety
- Economic Development and Economic Empowerment
- Education and Youth Development
- Environmental Stewardship and Climate Resilience
- Leadership Development and Civic Engagement

Partnership Fund Objectives

Grant applications will be evaluated according to the following Partnership Fund objectives. Successful projects must:

- Enhance the quality of life for those who live in Berkeley. For example, projects that address the needs of specific groups that face systemic barriers; or projects that improve specific neighborhoods that are disconnected from economic or social opportunity.
- Be well-designed and have clear objectives, a viable implementation plan, realistic budget, and the organizational capacity to achieve the project objectives (alternatively, see the Planning Grant section for partnerships in earlier stages).
- Establish or strengthen collaboration between the Berkeley community and the University; ideally projects will increase the likelihood of a *sustainable* partnership between the Community Partner and the University Partner.
- Further the University's public mission by facilitating student, staff and/or faculty ability to implement public-benefit research and community service projects.

- Align with and further the priorities and objectives of locally-developed and equity-driven policies and initiatives that were developed with extensive community participation. For example, education-based proposals that align with the focal populations and objectives of [Berkeley Youth Equity Partnership](#) will be given priority. The Berkeley Youth Equity Partnership (YEP, formerly known as Berkeley’s 2020 Vision) is a citywide initiative that strives for African American/Black and Latinx young people who live and/or go to school in Berkeley to thrive academically, physically, and emotionally.; arts, culture and placemaking grants should align with the [City of Berkeley Arts and Culture Plan 2018-2027 Update](#)’s commitment to cultural equity. The Plan was developed with extensive citizen participation, and provides an essential tool for the design and implementation of public policies that promote arts and culture. See information about these and other relevant equity-driven documents below.

Direct Benefit to Berkeley Residents:

As noted, the fund has a preference for projects that benefit specific groups and/or neighborhoods in Berkeley. All projects and activities must benefit Berkeley residents. All Partnership monies must directly benefit Berkeley residents. Preference will be given to equity-driven projects that align with or further initiatives developed with extensive community engagement (see examples below).

Thematic Arenas:

Applicants can draw on a variety of community change strategies, however we encourage the partners to organize project activities that further objectives that local community leaders and organizations are pursuing. Applicants are encouraged to focus project activities in one of the following thematic arenas.

Note: the examples of activities below each thematic arena are intended to demonstrate the kinds of activities projects can undertake but are not exhaustive — your activities might be unique to your partnership.

- **Arts, Culture and Placemaking:** Proposals aligned with this theme seek to help the Berkeley community engage with a wide range of artistic, musical and cultural styles and practices. Projects or programs could include supporting or developing public art installations, performances, training and workshops for community residents who do not typically have access to the arts. Place Making, or artist-led enhancement of the character and quality of a place, is a form of arts-based community development that capitalizes on a local community's assets, inspiration and potential. (To learn more, check out the National Endowment for the Arts description of [Creative Place Making](#); and this description that includes [Place Keeping](#).) Proposals for projects that align with equity-based priorities are ideal. For example, projects that center a commitment to cultural equity by supporting art by and for people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality; or projects that further existing arts and culture initiatives developed with extensive community engagement, including the [City of Berkeley Arts and Culture Plan 2018-2027 Update](#)’s commitment to cultural equity.
- **Community Health and Community Safety:** Public health oriented proposals aligned with this theme will seek to make Berkeley a healthier, more equitable, safer and more welcoming

community. For example, projects and programs that address the health of Berkeley specific populations or seek to reduce disparate health outcomes by addressing social determinants of health, such as socioeconomic conditions, environmental quality and the quality of the built environment. Public health focused projects and programs could address a range of issues, including but not limited to: access to healthy foods, gaps in access to emergency preparedness, biking and pedestrian safety; community safety projects could range for engaging marginalized populations in efforts to reimagine public safety, addressing the root causes of gun violence or domestic violence, community conflict resolution, community led restorative justice and crime prevention programs, or addressing built environment conditions that create vulnerability, for example increasing street lighting and vegetation management in neighborhoods that experience higher levels of crime.

- **Economic Development and Economic Empowerment:** Projects and programs aligned with this theme could support local economic development by increasing the capacity of small, local, women- and minority-owned firms to be successful; or undertake activities that prepare local diverse and small businesses to compete for procurement opportunities offered by private and public sector anchor institutions. Workforce training programs that prepare youth and adults to secure middle skills jobs in industry sectors that provide living wage jobs with ample opportunities to move up a viable career ladder are also valued. Proposals that utilize other economic development strategies will be considered, including: research, studies, marketing and other collaborative initiatives and partnerships that bolster the local and green economy, encourage job creation, or undertake equity-oriented targeted hiring strategies.
- **Education and Youth Development:** Proposals aligned with this theme will seek to improve the educational outcomes of Berkeley residents that have not fared well in K-12, workforce training programs and higher education. Projects or programs could involve mentoring activities, coaching and other after-school programs, writing workshops, adult literacy programs and classroom or community presentations and events. Proposals that align with the objectives of [Berkeley Youth Equity Partnership](#) will be given priority. The Berkeley Youth Equity Partnership (YEP, formerly known as Berkeley's 2020 Vision) is a citywide initiative that strives for African American/Black and Latinx young people who live and/or go to school in Berkeley to thrive academically, physically, and emotionally. Proposals that focus on youth development should prioritize the needs of youth of color, immigrant and/or foster youth. Program interventions could involve mentoring activities, coaching, early childhood and after-school programs, career technical education pathway programs.
- **Environmental Stewardship and Climate Resilience:** Proposals aligned with this theme aim to protect, preserve and restore Berkeley's natural environment, address climate adaptation and resilience, and support the use of renewable resources, with a focus on Berkeley populations or neighborhoods that face the greatest challenges. Proposals should align with local priorities found in sustainability and climate initiatives developed with extensive community engagement, namely, the City of Berkeley's [Climate Action Plan 2020 Update](#) and [Resilience Strategy](#); and UC [Berkeley's Sustainability Plan](#). Another useful tool are the [Equity Guardrails](#) found in the City's Existing Buildings Electrification Strategy. Projects or programs could focus on issues linked to energy-efficiency and renewable energy, water conservation/reuse, zero-waste programs, sustainable business operations, zero-carbon transportation, and/or climate justice and community resilience efforts. Applicants are also encouraged to refer to the [University of California's Justice Equity, Diversity and Inclusion \(JEDI\) Centered Resilience Framework](#), a

climate resilience planning framework that seeks to address existing inequities that make some communities more vulnerable to the impacts of climate change.

- **Leadership Development and Civic Engagement:** Proposals aligned with this theme aim to build the capacity of grassroots leaders to participate in, and set the direction of, neighborhood improvement strategies that impact their lives. While the Fund grants cannot be used to engage in lobbying, a wide range of civic engagement projects will be considered that prepare youth and adults to take leadership in a variety of public sector organizations and institutions. For example, internships and fellowships (in the offices of city officials and public agencies) that give participants an opportunity to get first-hand experience with public discourse and decision-making process; opportunities to contribute to community engagement and consultations, policy research, developing proposals for policy and program solutions; and community-driven leadership development and community organizing projects that give participants an opportunity to learn from and support resident led neighborhood improvement projects.

For more information on many of the previously funded partnerships and their projects, please visit the [Chancellor's Community Partnership Fund webpage](#).

Berkeley's Commitment to Serving the Public Good: Equity, Inclusion and Diversity:

The Fund is aligned with and seeks to further Berkeley's commitment to serving the public good which is outlined here: [Pathway to Excellence, Berkeley's Strategic Plan for Equity, Inclusion, and Diversity](#). This plan "renews the campus's commitment to California, and to the world, to provide fair treatment, access, opportunity, and advancement for all. This is a commitment that lies at the heart of Berkeley's mission as a public university, and is a continuation of the campus's longtime role in advancing principles and policies for a democratic society. California's uniquely diverse demographics, combined with Berkeley's authentic desire to serve and learn from every sector of society, offers the University a chance to craft new models of institutional change. Our goal is to transform UC Berkeley into an equitable and inclusive academy of the highest caliber — one that fully honors the diversity of our students, faculty and staff, expands possibilities for those from underserved backgrounds and communities, and creates new fields of inquiry, knowledge, and exploration, with global reach and implications."

Land Acknowledgement

The Fund recognizes that Berkeley sits on the territory of Xučyun, the ancestral and unceded land of the Chochenyo Ohlone, the successors of the historic and sovereign Verona Band of Alameda County. This land was and continues to be of great importance to the Ohlone people. We recognize that every member of the Berkeley community has, and continues to benefit from the use and occupation of this land, since the institution's founding in 1868. Consistent with our values of community and diversity, we have a responsibility to acknowledge and make visible the university's relationship to Native peoples. By offering this Land Acknowledgement, we affirm Indigenous sovereignty and will work to hold University of California, Berkeley, more accountable to the needs of American Indian and Indigenous peoples. An alternate spelling of Xučyun is Huchiun. Read more on the [Centers for Educational Justice & Community Engagement website](#).

Eligibility

Applicants:

Applicants, projects and/or programs must be based in the City of Berkeley and benefit Berkeley residents. The collaborative project, program or initiative that is proposed must include the active participation and partnership of at least one community and UC Berkeley partner.

Applicants must *either* be tax-exempt, 501(c)(3) organizations *or* arrange for an eligible 501(c)(3) organization to serve as a fiscal sponsor. In the latter case, written confirmation by the 501(c)(3) organization of its willingness to act as fiscal agent is required.

Permits:

It is the responsibility of the applicant to demonstrate the capacity to secure any required permits and other such approvals from the City of Berkeley for projects that affect the city's infrastructure or take place on city property. If such permits and approvals are not secured by the application due date, applicants must submit a Partnership Letter from the relevant City Department indicating support and that required permits are likely to be granted. The release of grant funding is contingent on securing the required approvals by the grant disbursement date.

Partnerships:

The Fund seeks to fund projects that foster, encourage and enhance significant partnership and collaboration between the university and the community. All projects and programs must include significant collaboration and partnership between at least one eligible community-based partner and one eligible university partner.

- Eligible community partners include but are not limited to:
 - Neighborhood, civic and merchant associations
 - Primary, secondary, and post-secondary schools
 - Community-based organizations, such as social service and faith-based organizations
 - Local governmental departments, agencies and commissions
- Eligible university partners include:
 - UC Berkeley departments and/or faculty
 - Non-academic campus departments and/or staff
 - Students and/or student organizations (at least one staff or faculty advisor is required to work in support of student-led partnerships)

Applicants should begin identifying and contacting potential partners early in their planning process to ensure at least one campus and community partner is secured prior to submission of the proposal. Assistance in connecting with potential university partners will be provided by the UC Berkeley's Office of Local Government and Community Relations (GCR).

In order to enhance collaboration, reasonable stipends may be awarded to university and/or community partners to secure participation and provide specialized expertise.

Application Process and Guidelines

Application Review and Evaluation

The Fund's Advisory Board, whose members include representatives from the city, community and University, will review applications and select partnerships to receive funding. The Advisory Board may also provide written feedback to some applicants with the goal of creating and strengthening partnerships between the community and the campus.

The Advisory Board will review and score applications using the following criteria: Strength and depth of partnership; support of Fund's mission and goals, including alignment with locally developed equity-driven policies and initiatives; project design and implementation plan; direct benefit to the community; organizational experience and capacity to implement the proposed project; budget and ability to leverage additional funds.

Submission Guidelines

Planning Grant and Full Grant applications must be submitted electronically to the Fund **no later than February 2, 2024**. Late submissions will not be accepted. Please email completed application to calpartnershipfund@berkeley.edu.

Funding Terms and Restrictions

Award Amount and Duration:

Recently, the range of Fund grants has been between \$5,000 and \$25,000, with most awards between \$10,000 and \$15,000. However, under special but rare circumstances, we will consider grants for larger amounts. Planning grants will receive between \$2000 and \$4000.

For the 2024-2025 grant cycle, approximately \$315,000 will be allocated for distribution. The Fund is not required to fully allocate all available funds during each grant cycle. Unallocated funds will be carried forward for future distribution.

Funding will be allocated on an annual basis. And at this time the Fund is only awarding one-year grants. Grant timelines will be roughly August 2024 to August 2025. Funding will typically be available around July 1, 2024 to ensure partnerships can begin their work as the fall semester begins.

To avoid dependency on the Fund, projects or programs that re-apply for a consecutive year of funding must demonstrate they are not solely reliant on the partnership grants and that they are effectively leveraging resources from other sources.

Terms and Conditions:

Grant recipients will be required to execute a Terms and Conditions document before funds will be disbursed as well as become an approved [UC Berkeley Vendor](#).

Reporting:

Grants must submit a progress report (due by February 28, 2025) and a final project report (due by September 30, 2024).

Restrictions:

Funding may not be used for the following activities and expenses:

- a. Political programs or activities to support, change, lobby, or otherwise influence legislation and/or ballot measures, elect candidates to public office, or other political issues.
- b. Religious activities; however, religious institutions may apply for funding for nonsectarian projects.
- c. Any organization that discriminates on the basis of age, gender, race, ethnicity, religion, disability, sexual orientation, national origin, or political affiliation. The Fund may support organizations and projects that target groups that have been subject to historical discrimination.
- d. Deficit or emergency funding, debt reduction, loan repayment or retirement, or for project costs incurred before the effective date of the grant.
- e. Purchase or long-term real estate rental(s), lease(s), or sub-lease(s).
- f. Projects that exclusively benefit UC Berkeley faculty, staff, or students. (University faculty, staff and students are eligible, as are community partners, for reasonable stipend amounts for their work on approved projects.)
- g. Purchase of alcoholic beverages.

Recognition and Publicity:

Grant recipients are encouraged to recognize the Fund's support for the project or program in their efforts to promote the project with media and public messaging. Toward this end, the logo of the University of California, Berkeley will be provided by the Fund to grant recipients. We also ask that grant recipients use the following language in promotional materials about the project: "This [project or program] was made possible by the generous support of the UC Berkeley Chancellor's Community Partnership Fund." Alternative language or images must be approved in writing by the Director of Local Government and Community Relations.

All funded projects or programs will be asked to provide copies of any printed, web-based or other publicity materials. The University of California, Berkeley retains the right to publish information about the Fund and its grant recipients in its own materials. The use of the name and logo of the University of California, Berkeley requires prior written approval.

III. Project Description

Each applicant is required to submit a project description that includes the following three components: A) an issue statement; B) a project implementation plan, and C) a partnership summary. Project descriptions that fail to include all three components will not be considered for funding.

The total word count for the three-part Project Description should not exceed 1500 words. Below each text box we have provided an area for you to keep track of your word count. Please combine sections A+B+C and provide a total word count at the end of the Project Description section.

A. The Issue Statement and Berkeley Beneficiaries*

- Briefly explain the significant problem or need that your project or program addresses and describe how your project will benefit your target population in Berkeley.

- Based on your issue/need statement, describe your target population and the geographic area that your project will serve, including the names of neighborhoods, street boundaries, and ideally city council district. Specify the demographics of this community, including race/ethnicity, age and socio-economic status. Include how many Berkeley residents you plan to serve.

**Please note: If your program also serves non-Berkeley residents, you must clarify how Partnership Fund monies will be solely dedicated to Berkeley residents.*

B. The Project Implementation Plan

The Fund strongly encourages well-organized, results-oriented projects and programs. Please explain the following:

- How you plan to implement your project and describe the outcomes you expect to accomplish.
- How your project outcomes and objectives are aligned with and further the priorities and objectives of locally developed and driven equity policies and initiatives that were developed with extensive community participation.
- How you deliver the desired community outcomes.
- The program strategies you will employ and why.
- If your project or program partners with UC students, please describe intended learning outcomes they will achieve through their participation.
- Include a timeline and key milestones as appropriate.
- When possible, include the measurements you will use to evaluate whether the project or program has been successful in achieving its objective(s).

C. The Partnership Summary

One of the main goals of the Fund is to establish and strengthen collaborative partnerships between the university and community. Use the following prompts to answer the question: What is each partner’s role?

- Identify your project or program’s partners and describe the extent of coordination and collaboration amongst the partners.
- What is the capacity of each partner to successfully implement this plan? You can list the partners responsible for implementing the plan and describe the experience.
- If your project or program partners with Berkeley students or UC Berkeley students, please describe intended learning outcomes they will achieve through their participation.
- How will this partnership between the Community Partner(s) and the University Partner(s) be sustained after the year-long grant? And what other benefits can be derived from the partnership?
- Is this going to take place on City of Berkeley property? If so, describe the role of your City partner and any permit or permissions needs. Additionally, if the project will require City resources be sure to indicate here and in your budget narrative.
